

USGS Workshop

"Linking hydrological change and ecological response in streams and rivers of the eastern United States"

February 8-10, 2005 - Herndon, Virginia

Information for Presenters

Abstracts

Abstracts for talks and posters will be posted on the web prior to the workshop and published in the proceedings following the workshop. Abstracts should be in Microsoft Word format using 1-inch margins, 12 point Times New Roman font, with maximum length one page single spaced using the following template:

ECOLOGICAL FLOW DETERMINATION FOR MUSSELS OF THE DELAWARE RIVER

Author, A.¹, Author, B.², Author, C.³

¹ U.S. Geological Survey, Wellsboro, PA, authorA@usgs.gov

² National Park Service, Milanville, PA, authorB@nps.gov

³ The Pennsylvania State University, State College, PA, authorC@psu.edu

Adequate water flow to maintain stable populations of aquatic organisms has become a significant issue for land-trust agencies in the eastern United States....

Skip one line between paragraphs...

Please submit abstracts by **January 28, 2005** via email attachment to Bill Lellis at wlellis@usgs.gov.

Presentations

All presentations should be in Microsoft PowerPoint format. Presentations will be loaded to a common computer prior to the meeting to facilitate smooth transition between speakers. Speakers should send presentations to Bill Lellis by **Friday, February 4, 2005** using the following instructions:

- 1) Rename your presentation file as: NARB *YourLastName*.ppt
- 2) Open your web browser and type into the address field: ftp://ftpext.usgs.gov/from_pub/er
- 3) Drag and drop the file from your local workstation into the open field in your web browser.
- 4) The file should upload to the ftp site.
- 5) Send an email to Bill Lellis (wlellis@usgs.gov) with the name of the file that was just transferred.

This last step is essential since this is a blind site and the only way to retrieve a file is if you know the name. All files are purged from the ftp site after four days, so please notify of transfer immediately. If you have any problems call Bill Lellis at 570-724-3322 x 222.

Please be aware that all slide shows will be converted to .pdf format and made available for public access through this website and a CDROM version of the proceedings. If your talk contains any data or material you do not want included in the published version, please send two copies of your presentation, and indicate which copy is for presentation and which copy is for publication.
